

Real Estate Industry Professionals and Large district Tenants attend the February 15th Forum

Local businesses head to BID forums

By Maciej Wroblewski

The Flatiron/23rd Street Partnership Business Improvement District held a series of three breakfast forums for the local business community in February and March. The “Meet the BID” breakfast forums were an oppor-

tunity for the Partnership to introduce its existing and planned programs as well as for local businesses and property owners to discuss common issues, provide input on BID initiatives, and share interests regarding neighborhood improvement.

The first forum, held on the morning of February 15, was geared towards major property owners, leasing companies and non-retail tenants in the BID district. Representatives of the district’s many restaurants and hospitality establishments attended the second forum on February 28.

The final forum, geared specifically at small businesses and retail establishments in the district, was held on March 15.

The forums were hosted by Cipriani 23rd Street at 200 Fifth Avenue. For more information about the Partnership, visit www.discoverflatiron.org.
